Our Objectives

digiGOV innoHUB

Support

the development of a **new generation of Public services**, utilizing **Advanced Digital Technologies** (AI, Blockchain, mobile Internet, 5G, HPC, IoT, Cloud, etc) based on open standards and open source solutions for citizens and businesses

Enrich

The Digital Transformation actors **ecosystem**, advance their **skills** and **synergies**, strengthen the **communities of practice**
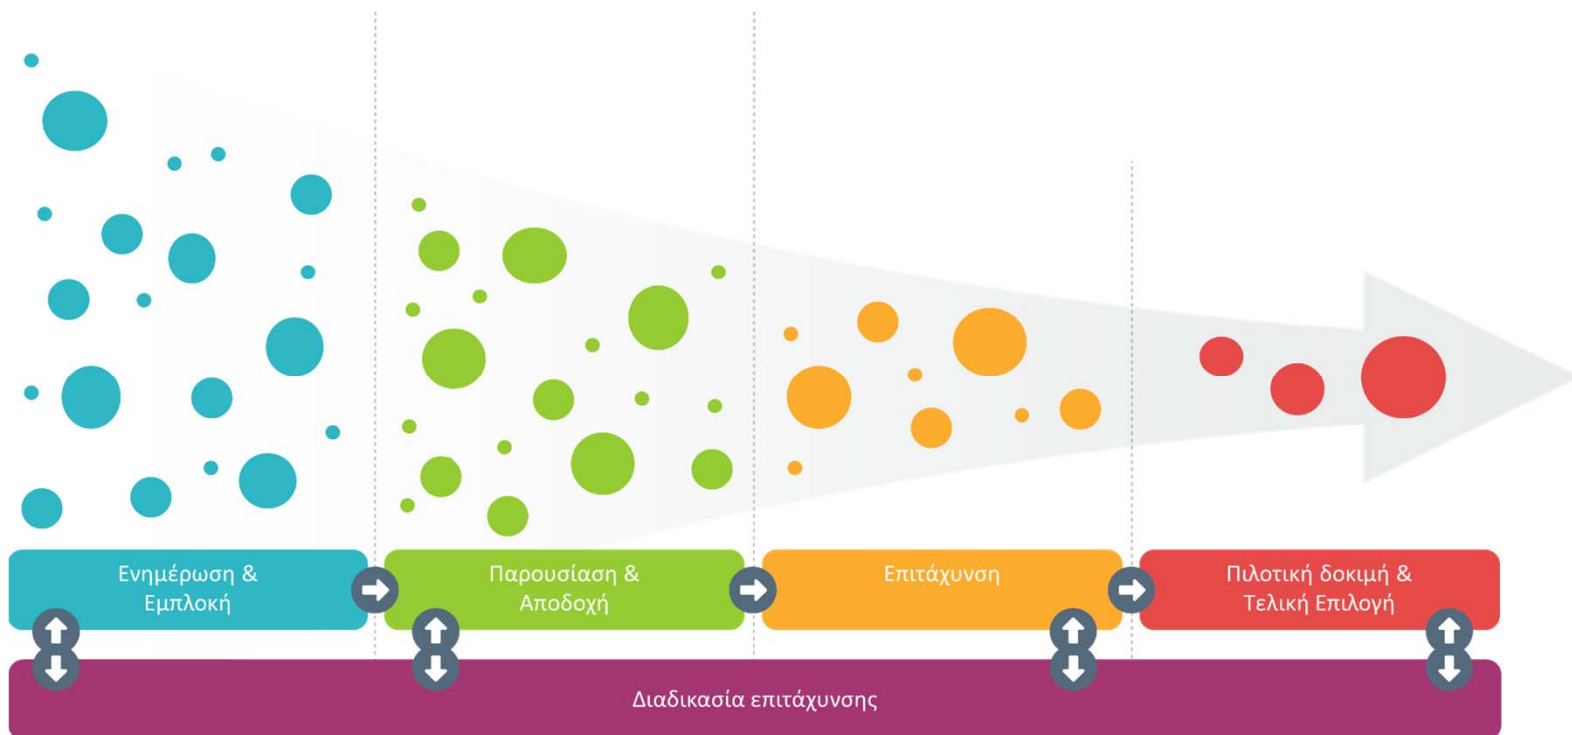

Foster

Foster **innovation in Public Administration**, transforming it into a large innovation buyer and **investor**

Facilitate

networking intra-regional and international cooperation, and **synergistic** activities and endorsement of **open principles** in Governance and Digital Transformation
