WP2 Overview

● **Fund ~40 projects** in a "**quick win**" manner.

● **Assess**, **organize** and **evaluate problem** and possible **solutions**.

● Key role in **collaborations with private sector** (SMEs).

● Great importance for Public Sector **not to miss this opportunity**!

WP2 Aims

● Mobilize the **private & public sector** for the **identification of needs** and collect, select, and conduct a **first analysis of potential challenges and opportunities** for citizens, SMEs and public bodies.

● Launch campaigns to public administrations to **collect challenges** and **coordinate open public calls to solicit SMEs** to address potential challenges involved with GR DigiGov-InnoHub and **match** them with **potential solutions**.

WP2 Aims

● Perform **digital maturity assessments** of the participating public entities and SMEs involved and **monitor their digital progress.**

● Analyze and **reformulate challenges** in order to best fit them to the objectives of digital transformation according to the principles stated in the **Digital Transformation Strategy** and in accordance with the **national digital strategy priorities**.
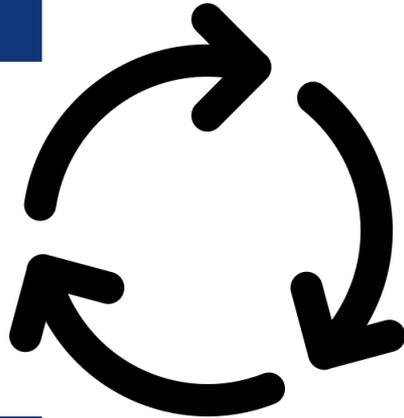

WP2 Aims

● Organize and conduct **Service Design Sprints** in order to **define** the **Project Journey map** and the initial **digital service blueprint** for the challenges selected.

● **Measure** the **performance and impact** of the HUB according to the **predefined KPIs.**

"Digital Acceleration Cycles" model
